125 Hospital Drive, Watertown, Wisconsin 53098 | 920.261.4210

There is nothing that our dedicated team holds more sacred than the honor of serving this community and being entrusted to take care of our friends and neighbors. As one of this area's essential providers of healthcare and as a large employer, our hospital is proud to call this community home. We are proud to have joined ScionHealth, a national health system dedicated to excellence and empowering care for health providers in our community. In addition, we are thankful for partners like you who help us to advance our mission of providing great healthcare to our community and creating a place where great physicians and caregivers want to work. Thank you.

— Richard Keddington, *CEO*

In 2021, we...

...added 36 employed, affiliated and telemedicine providers

...made more than \$4 million in capital improvements

...distributed a payroll of \$53,034,808 to approximately 700 employees

...donated more than \$8 million in services to those in need

...paid \$5,608,060 in taxes

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high quality care. This year, we added providers in emergency medicine, family care, optometry, pathology, pain management, surgery, neurosurgery, radiology and more.

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included robotic-assisted surgical technology, a cardiac monitoring system and our Center for Orthopedics and Rehabilitation.

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

We opened our Center for Orthopedics and Rehabilitation to the community in 2021.

We were proud to participate in last year's 4th of July Parade.
